ASSISTANT SUPERIOR GENERAL DEAD

BROTHER HENRI AMIEL DIES IN VIATORIAN MOTHER HOUSE AT JETTE ST. PIERRE, BELGIUM

Student Body Attends Requiem High Mass
and Receives Communion for Repose
of His Soul

Brother Henri Amiel, C. S. V., Assistant Superior General and Secretary of the General direction of the Viatorian Order, died at the Mother House of the Order in Brussels, October 11, 1932. Bro Amiel after many years of service in the schools of the Order in France and Belgium, served in a like capacity in the Councils of the Order and especially in the General Chapters of the Community which takes place every five years. These he attended regularly as a delegate since the chapter of 1909. He took a special interest in the American delegates, especially those from the Province of Chicago. His perfect knowledge of French and English made him especially helpful to the delegates from the U. S.

He was well known and greatly beloved by many of priests and brothers who as delegates had shared the legislation of the Community. He was a man of broad vision and great constructive powers in the educational field of his own country and also in grappling with educational and community problems in America. The Chicago Province loses a good friend and an able advocate in the amiable Bro. Amiel, who has gone forth to answer the Master's call with his three score and ten years laden with the golden harvest of a life spent in doing good.

The entire student body of St. Viator College attended the Requiem High Mass sung by the Very Rev. J. W. R. Maguire, and received Holy Communion for the repose of the soul of Brother Amiel on Wednesday, October 12.

Debate Subject To Be Bank Regulation

According to information received recently by Mr. Robert A. Nolan, '34, Manager of Debate, both the Midwest and the Illinois Intercollegiate Debate Leagues have decided to discuss banking regulation for the 1932-33 season under the question, "Resolved: That all banking functions be regulated by the Federal government, with deposits guaranteed."

Ralph Hoover and Gill Middleton, senior debaters, met an affirmative team from De Paul last April 30th on practically the same question. The debate was broadcast over station WLS, and an audience vote declared the contest to be a tie.

Probable Broadcasts

Although Mr. Nolan has not as yet released the tentative schedule, it is

Mothers of Day Students form New Club

There has been a movement on floor to form an organization of the mothers of the students of St. Viator College. This organization will be permanent and one that will act in cooperation with the college for the good of the students, not only intellectually but socially. The need of an older and wiser influence is sometimes lacking in many things the students sponsor. This society of the mothers will attempt to further activities on the campus. One of the main purposes for its institution has been that of uniting the day student and the resident student in a closer bond of intimacy. The complaint has often been expressed by both parties that this lack of cooperation between them exists and should not. It is the desire of those who met that the mothers of the resident students be entertained at some time when it is possible for them to be present. If the mothers succeed in their aims, which are indeed worthy of them, it will be a great achievement.

The Rev. J. W. R. Maguire, C. S. V., President of the college, called a meeting of all the mothers of the day students for Thursday, October 20. This opportunity is taken to urge all the mothers to attend this meeting. A committee has been selected to draw up a tentative constitution to submit at this meeting. The committee consists of Mrs. W. C. Clancy, chairman; Mrs. E. A. Arrington, Mrs. J. Hickey and Mrs. Spielberger.

The individual students themselves are asked to see that their mothers attend this important meeting. A Mother's Club working with the college authorities can accomplish great things for the benefit of students and college.

IN RECITAL

On Friday, October 14, Donald Hickey appeared in recital with the pupils of Miss Bernadette Bostick. Mr. Hickey gave a splendid rendition of the solo part of George Gershwin's famous Rhapsody In Blue, arranged for two pianos.

New Deans Take Up Duties

Two very important changes have been made in the directorial staff of the College this year. The Rev. R. J. French C. S. V., last year's Dean of Discipline, has been appointed the new Dean of Studies to succeed the Rev. T. J. Lynch. The Rev. Francis J. Harbauer C. S. V., is Fr. French's successor as Dean of Discipline. The student body is not only well satisfied but pleased with the new officers as both of them are well qualified for their respective positions by reason of their ability and experience.

Father French

Father French, who also heads the Department of Education, returned to the campus after securing his Doctorate at Loyola University in Chicago. For his thesis he compiled an interesting and valuable survey of various phases of the parochial and public school systems in Chicago. Fr. French was graduated from St. Viator College in the class of 1917, along with the present Dr. Fulton Sheen, Dr. Charles A. Hart, and Dr. Christopher Marzano. He was ordained in June, 1922, and returned to the College the following September to teach. Except for summer school work and the time spent at Loyola, Fr. French has been stationed here at the College.

Father Harbauer

The new Disciplinary Head, though only connected with the College Faculty since his ordination in Springfield last March, is already one of the most popular instructors and directors on the campus. Fr. Harbauer, because of his intense interest in boys and their activities, is particularly suited for his new position. The new intra-mural soft ball league and the revival of interest in bowling are due to his efforts.

Father Harbauer spent his novitiate at Chamberlain, South Dakota, and was graduated from St. Viator College in 1927. In 1927-28 he served as an instructor in the Old Academy. From 1926 to 1928 he was Perfect of the Academy students on the fourth corridor of Roy Hall. In September, 1928, he began his theological studies at the Catholic University and completed them last spring. While in Washington, Fr. Harbauer also secured his Master's degree in German.

DISTINGUISHED VISITORS COME TO THE COLLEGE

Mr. Rene Weiller, French Consul at Chicago; Mr. Arthur Alliar, of Concul's staff, and Mr. Hayden Harris of the Harris Bank, at Chicago visited the College on Wednesday afternoon, October 12. They spent some time in conversation with President J. W. R. Maguire, C. S. V., Msgr. Legris, and Rev. J. P. O'Mahoney, C. S. V., Provincial of Chicago Province of the Viatorian Order.

ST. VIATOR COLLEGE OFFERS EXTENSION COURSES FOR TEACHERS & BUSINESS MEN

President Maguire, Father French And
Father Cardinal to Teach After-
noon and Evening Classes

Former Teachers Return To Viator

The faculty of St. Viator College has been invaluable augmented by the addition of certain members of the Viatorian order who are returning to take up old and new duties. They are Rev. Joseph LaPlante, C. S. V., who is teaching in the classical languages department; Rev. George Vien, C. S. V., has assumed once more the teaching of French, a subject in which he is particularly capable; Rev. John E. Williams, C. S. V., returns to the college from St. Joseph's Springfield where he has been doing parish work, to take over the instruction of economics as assistant and also American History. Rev. Thomas Sullivan, C. S. V., is teaching mathematics and English I.

With the return of these instructors the faculty of the Liberal Arts and Sciences department is even better equipped than before. The addition of Greek to the curriculum is of considerable value, especially since the course is conducted by one as well versed in the language as Fr. LaPlante undoubtedly is. To all of these new instructors and old friends a hearty welcome is extended.

BENEFACTORS ARE GIVEN THANKS

St. Bernard Hall has been the happy recipient of a series of benefactions which have helped a great deal to solve its household problems.

Under the leadership of Mrs. Julia M. Baldwin, of Chicago, a group of ladies have banded together and by a series of card parties, socials, plays and other remunerative activities have been enabled to supply many articles of comfort to the Brothers and household necessities. The activities will go on during the entire year, the proceeds in one form or other to go to St. Bernard Hall.

So far there has been furnished a complete set of bedroom linen, blankets, towels, window shades, curtains, with small rugs, mattresses and furniture to follow. The chapel has been remembered by a new set of white vestments, albs, surplice, Benediction Veil and cope. The Director, Fr. Munsch, C. S. V., has been given a new cassock, surplice and many useful gifts through the generosity of the Ladies. The Brothers have each received a well knitted pure wool sweater. Playing cards have been

An announcement has been received from the offices of the Dean of Studies, Richard J. French, C. S. V., that extension courses will be offered at St. Viator this year. These classes which will be held in the afternoons and evenings, will begin in the very near future, as soon as the comprehensive arrangements have been completed.

It has been the policy of the College for several years past to maintain these courses, and year after year they have been shown to be very successful. They are established primarily for the accommodation of teachers and others, whose time during the regular class day is otherwise occupied. Courses in several phases and departments of study are to be offered and the regular College professors will conduct the classes. These instructors comprise the best talent in the Congregation of St. Viator; graduates of some of the leading Universities in both this country and Europe. The Reverend J. W. R. Maguire C. S. V., President of the College, who made his studies at Oxford, will conduct courses in English and Economics; Dr. French, Dean, who has done work in education in England, Canada and leading universities of this country, will hold several courses in education; Dr. Cardinal of the University of Illinois will have charge of courses in history. Other courses in sociology, economics, accounting, psychology, etc., will be opened to meet the needs of any group of students sufficient in numbers. The dean, Dr. French, will meet prospective students next Tuesday at 7:30 in the administration building.

One of the courses to be given by Dr. French will deal specifically with character education. It is a course that will appeal to most educators and many parents and others interested in the education of the young. The various topics treated deal with the nature of character and character education with the various theories concerning it; the ideals and objectives of character education; the ways and means proposed by educators and others to bring it about; the research work that has been done up to the present; the ways of measuring character; and the training of teachers for character formation.

It has been the policy of the College for several years past to maintain these courses, and year after year they have been shown to be very successful. They are establish-

SCHOLARSHIP BY DECREE

A number of the Contemporary reviews of the week, particularly The New Republic and The National, are quite excited over the fact that Secretary of Labor, Doak has forbidden foreign students, who have arrived since August 1st, to earn any part of their expenses while attending school in this country. One of the publications even goes so far to hint that the ruling has been made so as to influence the vote of the laboring man in the coming elections. However, we have some serious doubts as to the truth of this insinuation, as the decree was probably formulated without sufficient consideration.

portunities be given to the students from the "land of the vigorous protests that have been made, simply because we agree with Dr. Frederick B. Robinson, president of New York City College, that the interchange of professors and students is one of the most potent forces for the promotion of international good will. Any restrictions placed upon these foreign scholars will in time act as a boomerang, both to our government and to our people. Not only that, but foreign countries will then have more cause to regard this country as a dollar chasing nation.

We can imagine the great hue and cry that would be raised if the governments of France, Germany, and Italy were to withdraw the privileges now given to American students in those countries. Perhaps some of our chauvinists and service organizations would not only demand an official apology, but might even suggest that more opportunities be given to the students from the "land of the free."

Of course, we realize that millions of our fellow citizens are now numbered among the unemployed, but we believe that the limited amount of labor takes little or no food from the mouths of Americans. Perhaps the administration will realize its mistake in time to make a bid for the support of the college and university students in November.

CRITIQUE

Dear Mr. Bushman:

Although the mention of Democratic politics is taboo in Kankakee County, might I suggest that your esteemed publication sponsor a "straw vote, in order to see just how our students react to the ballyhoo that is being distributed by all the major political parties. I am sure that the results would be most interesting, especially since the students have already declared their opinion on the subject of prohibition in a Chicago newspaper poll last spring.

I would not suggest that stump speeches and placards be used. Just canvass the students and see if there are any Socialists or Prohibitionists in our midst.

Respectfully
Gill Middleton.

Dear Mr. Editor:

It is with a feeling of genuine delight that we note that Mr. Hoover, the editor of the Campus Briefs, is seriously considering resigning. We only hope that he adheres to his promise made in your initial issue.

However, if it weren't for the fact that we know the student body has finally discovered his true character, we would be prone to suspect that he wants to be coaxed into taking over the position again. He has outlived his usefulness; he can no longer write stories about others, for fear that he himself will be mercilessly exposed. And what an expose that would be! You wouldn't be permitted to print it.

You, our esteemed editor, are to be congratulated for not attempting to retain the obnoxious Mr. Hoover. You are a true reformer, one with high newspaper ideals. In celebration of Hoover's resignation, we submit the following lines:

Hoover was a pesky columnist
Writing for a college sheet
There was nothing that he missed,
And little he did not repeat.

He broke up many a romance
And ruined oft a life;
He never gave the lads a chance,
But only generated strife.

Now he has gone,—the dirty messer
All future life looks much more
rosy.
We only hope that his successor
Will not be quite so doggone nosey.

Sincerely Yours,
THE ENTIRE STUDENT BODY.
(one co-ed excepted)

The Editor,
The Viatorian:—

Dear Sir:—

Though I never was a student at St. Viator College, I have been an interested reader of your paper for the last few years. The reason for my interest was "the Campus Briefs" column, so you can imagine my distress when I read in your last issue that the writer of this column was to write no more. I am lost, for I acknowledge that all my inspiration, technique and ideas were derived from this column, and if it ceases I shall no longer be able to contribute a column to the New York papers vulgarities, my worst libels, my most impertinent invasions into the private lives of people owed their origin and inspiration to "Campus Briefs." In the interests of my livelihood, to prevent further unemployment, for the entertainment of the vulgar morons who constitute my public, and think I am original, please, please, do not allow Mr. Hoover to quit. He is much more important to me than his better known, but less worthy namesake.

Yours in despair,
Walter Pinchell.

Freshman Class Completes Organization

The Freshman class of St. Viator College began its official existence by the election of officers. They are Joseph Mahoney, president, a graduate of DePaul high school, Chicago; Raphea Roche, Vice-President, entered from St. Rita high school, Chicago; William Phalen, Secretary, Streator; Donald McGuire, Treasurer, of St. Leo; Eugene Ryan, Class Representative. The meeting held September twenty sixth, followed upon the suggestion of the president of the College Club, Mr. William Riley, that the new class, which boasts the number of forty five, organize and elect its officers for the coming year.

Class Activities

The influence of the new class has been felt in the help it has given in the many duties attendant upon Homecoming. The large bonfire marking the pep meeting held the evening before the highly successful game with Whitewater, was the result of their combined efforts in gathering inflammable materials. Again, in the decoration of the gym a helping hand was lent the upperclassmen in charge by the freshmen. This was decidedly a rustic task, what with gathering corn to construct shocks and pumpkins to lend atmosphere. To have watched the construction of those shocks was a rare treat. Denied the adhesive qualities of good old terra firma, the shocks resisted the idea of being placed on a highly polished floor. And the rope that our Viatorian a editor brought to assist in the unwieldy process would have served to anchor the Leviathan,

such was its thickness and strength. However, in the future the students expect even more in the way of accomplishments from the Freshmen, and they extend them as a class, and individually, their best wishes for a happy and successful year at St. Viator.

Miss Cruise Is Given Scholarship

One of the most distinguished personages on the campus, Miss Mary Cruise, whose scholastic, literary, and artistic accomplishments have been acclaimed on many occasions has once more been honored in the field of music. Her remarkable talent developed in the study of piano achieved for her the highest ranking in a contest for musical ability held by Moissaye Boguslawski, of Chicago. The reward was an alternative between choosing a reward in money or taking an advanced course in the art to which Miss Cruise has devoted so many years of hard but highly profitable labor. And, ever the artist, Miss Cruise chose the latter, an exceptional opportunity for further study on the piano.

Those who have had the opportunity of reading some of Miss Cruise's lofty literary dissertations and of hearing her speak from the platform in College oratorical contests, know how brilliant her ability is in these fields. But those who have heard her at the piano will attest that in the playing there is the inspired touch of the true artist. So it is that all her many friends rejoice that

her remarkable ability has been given further acclaim from such a master as Moissaye Boguslawski.

VIATORIANA

Well, the upperclassmen had no need to claim a "moral victory" in the annual tilt against the Freshmen this year. Altho, "I think I can speak for the rest of the fellows when I say "that they would have preferred it instead of the casualties. The victory is attributed by many to Coach Gibbons' pep talk before the game. Mr. Gibbons reminded the entire squad of eleven men that "we are a small student body here etc." and concluded his speech by pleading with the team to "get" Ladislaus and Gombales. But the morale of the team was broken up when, during one of the five minute huddles, Nolan remarked through a mouthful of dirt, that he didn't see how the varsity football players ever got clean, and Degnan answered with "What do you suppose they have Scrub teams for?"

Freshmen Coach (before the battle): "And remember, Gombales, we have a tradition to uphold here at Viator."

And now the Choir will sing Hymn No. 492, by special permission of the dear old copyright owners.

She: "No, Jack, I've changed my mind."
McGrath: "Well, does it work any better?"

It is being mumbled about by certain Seniors that Miss Gorman's reason for bringing up the subject of class rings at the Senior meeting, is that she has but seven class rings now, and needed one more to make her right hand as heavy as her left.

Cronin, (on parlor date). in an attempt at conversation: "Ghost stories always make me start"
College Widow: "I sure wish I knew some."

And what's this talk about Columbus and Westray and the "arch" Duke?
Say is isn't so, West.

Her: "I think dancing makes a girl's feet too big, don't you?"

Him: "Yeah."

Pause

Her: "I think swimming gives a girl awfully big shoulders don't you?"

Him: "Yeah"

(Pause)

Him: "You must ride quite a lot too."

Punch: "Whatagotnapachidge?"

Drunk: "Sabook"

Punch: "Wasanaimuwitt?"

Drunk: "Sodikshunery fullinams. Gonna gettapoodledog anagottagetanaimferim."

Seminarists Go to Capitol To Study

The beginning of the new scholastic year witnessed the departure of a number of the Viatorian seminarists to the national capitol, they are under the direction of Rev. Phillips, C. S. V., a former principal of the old Academy and latter head of the classical languages department. They are taking their theology as well as the regular University courses in their respective fields.

Rev. Emmett Walsh, C. S. V., was an instructor in the English department of the old Academy, and last year filled most competently the post of faculty advisor to the VIATORIAN. Rev. John Strafford, C. S. V., is remembered as a debater, muis-

cian, and scholar of unusual merit. Rev. Bernard Mulvaney, C. S. V., was prefect of the upperclassmen and assistant dean of discipline last year, in addition to being director of the choir. Rev. Joseph Ryan, C. S. V., was prefect of the Freshmen, and a student of high ability. Rev. Frank Corcoran, C. S. V., taught in the old academy and was, for some time, one of the perfects in Roy Hall. Rev. Edward O'Neill, C. S. V., and Rev. James Meara, C. S. V., are two of the outstanding scholars graduated from St. Viator College in the last few years. Rev. Raymond Boysen, C. S. V., went to Cathedral High School, Springfield, Illinois, where his talents will be given expression in the field of teaching.

The friends of these young seminarists extend their best wishes to them, for a successful year.

* IN CATHOLIC COLLEGES *
* * * * *

St. Thomas College, of St. Paul, Minnesota, has begun an intensive campaign to enlarge its library by making requests for books. The slogan is "Donate a Dozen."

A Duquesne University frosh, when asked why he had not gone to the University of Pittsburgh, is reported to have said that "Pit is a horrid word!"

The Loyola Players (Chicago) have embarked on a pretentious program of producing four plays during the present scholastic year.

Innumerable Catholic schools, among them St. Viator, have begun to count the number of their alumni in the latest edition of "Who's Who". As usual, many excellent Catholic educational leaders have been overlooked.

Little Nineteen Jotting

Although most mid-western schools have shown a decline in registration this year, Augustana College at Rock Island boasts of an increase of 49 students.

Mommouth has dropped from 467 to 453 students; Eureka from 232 to 193; Lake Forest from 390 to 330; and Bradley from 637 to 604. Enrollment at Knox has decreased 22 per cent, while North Central shows a 10 per cent loss. (Figures complied by the Augustana Observer).

It is reported that Paul Rader, well known radio Evangelist of the Chicago Gospel Tabernacle, may soon purchase and reopen Mount Morris College, the Dunkard institution that was forced to close its doors last June.

DAY . HOPPING

Announcement of a football game between the Freshmen and upperclassmen day students is just another indication that the dodgers are endeavoring to keep the grass from growing under their feet. It is understood that the battle will be staged next Sunday afternoon, and already the two captains have been selecting their material. Richwine from Rockford will head the frosh while Walt Kowick will flop the coin for the upperclassmen.

It has been rumored around the study hall that "Rubinoff" Portnoy will perform on the gridiron in the day-hop game. Atta boy, Sammy, show'em how its done in Russia.

Bill Clancy's indoor team dropped its first battle of the league to Red Hardin's boys, however, consolation lies in the fact that the day students turned out one hundred per cent to boost their team. We hope the same spirit will continue throughout the indoor league and the annual basketball tournament.

And while we're on the subject of baseball this writer is of the opinion that a "little world series" between the two day hop nines wouldn't be a bad idea. What about it, O'Connell and Clancy?

Flag rush isn't so far off. What we'd like to see on that day would be "Fourteen to Four" Murphy scrambling around in his red flannels. Oh, pardon us, Red would like it understood he doesn't wear flannels, no sir, not Red.

ALUMNI NOTES

And yet another alumnus joins the ranks of the Benedicts. Word has been received that Eugene "Fish" Sammon, was married on September third to Miss Venice Pierstorff of Madison, Wis. The wedding was performed at St. Bernard's Church in Peoria by the Rev. M. P. Sammon, uncle of the bridegroom. The new home will be made in Madison, where Mr. Sammon is an acoustical engineer. Mr. Sammon's many friends at St. Viator wish the newly-weds the best of luck and all good thing in their new relation.

We have a blessed event to announce in this issue also. Mr. and Mrs. J. Robert, Langton of Peoria are receiving congratulations on the arrival of John Robert, Jr., which occurred October second. Mr. Langton is a member of the class of 1923. The Viatorian adds its congrats, also, to the many received by the proud parents. Let's hope that in about eighteen or nineteen years John Robert Jr. will be signing his name in the Registrar's book over in Marsile Hall.

Vincent Morrissey, '32, was a recent visitor at this college. It seems that Vince heard that Homecoming was to be a week later than it was, and arrived on the campus a little late to attend. However, everyone was mighty glad to see Vincent, and hope that he enjoyed his visit as much as it was enjoyed by his old friends and schoolmates.

Junior Class Election

At exactly one seventeen p. m., Monday, October 10, the Junior Class in special covention assembled elected officers to replace Mr. Sylvester "Lefty" Waldron, and Mr. Robert Delaney, who were elected president and vice-president respectively last spring but who did not return to school this fall. The convention was held in the vast vaulted amphitheatre behind the chapel in Marsile Hall which was decorated in a manner befitting the dignity of the occasion. While bands blared and the mighty Gaspipe organ pleaded forth "Happy Days Are Here Again", the members of the class filed in in stately procession and took their seats. When all were present, the Hon. Robert Nolan, class treasurer, and therefore the highest ranking officer present, took his seat at temporary chairman. In the absence of the gavel, he used his fist to good advantage. Cameras clicked and reporters broke the points of their pencil as the convention came to order. Nominations being the order of the day frivolity was dispensed with and the convention settled down to serious business.

Miss Smole, delegate-at-large from Bradley, began the fireworks by put-

ting the name of the Hon. William Riley, already president of the College Club before the convention. She was followed in quick succession by Mr. Dugan who placed the name of the Hon. Robert Spreitzer in nomination. Mr. Dugan's nominating speech, a model of brevity, wit, and humor, that will undoubtedly serve as a model for all future nominators was as follows:

Text of Speech

"I nominate Mr. Spreitzer".

Upon the conclusion of this brilliant forensic effort a monster demonstration was staged by Mr. Spreitzer's friends (both of them). When the tumult had finally quieted down, Mr. Degnan, the one and only Wildcat, seconded the nomination. Then Mr. Jerry "Ribs" Sullivan got the floor and entered the Hon. "Doc" Meany in the lists. The nominations were then closed, to the great disappointment of your reporter who was just about to nominate himself. Balloting then began, and as it proceeded Riley forged steadily ahead apparently with victory in his grasp. However, just as the Riley delegates were about to go out and celebrate, the influence of the powerful Degnan political machine began to make itself felt, and the Riley victory margin melted like snow before the summer sun as the Spreitzer majority piled up. When the count was completed Spreitzer was the new Junior class president and Riley the vice-prexy.

The New President

The Hon. Mr. Spreitzer is a member of the Degnan-Spreitzers, one of the oldest and most aristocratic combinations on the campus. He is on the Viatorian staff also, but fair-minded people will not hold that against him. His favorite amusements are standing outside the Purple Peak Cafe with his nose flattened against the plate glass and gazing longingly within, and telephoning to a certain residence in Kankakee to see if his roommate is present. As he announced over a nation wide radio hookup immediately after his election he is not controlled by any factions or cliques, but intends to carry out his duties as he sees them. Already he has plans formed for the Junior Class Dance which will take place in the near future.

FORMER VIATOR STAR COACHES ST. PATRICK'S

"Puff" Romary of Class of
"32" Made Head Coach

In spite of all old man Depression could do to keep last years graduation class among the class known as unemployed some among them are fortunate enough to find fields in which to employ their talents. Among these more favored ones is Clarence, "Puff" Romary, the lad who for four years carried the Viator colors through Little Nineteen camps. Puff, an outstanding star during his entire college career on both gridiron and diamond and even more especially a stellar figure on the basket-ball floor has been engaged by St. Patrick High School, Kankakee, Illinois to discharge the duties of coach in all sports there. A natural athlete himself, he is proving himself well fitted to enhance the possibilities of that school in athletic endeavors.

Puff came to St. Viator College from Central Catholic High School in Fort Wayne, Indiana, that institution which has sent so many men to Viator, immediately upon his arrival here he became a prominent figure in all campus activities. In football he found a place in the backfield, acquitting himself mighty well at the post of halfback. Baseball found Romary holding down the third sack like a big league vet, while his bat was an important cog in many a Viator victory. But it was with the basket-ball that the "Puffer" proved himself to be "the fair-haired boy". Grabbing up a regular berth on the Varsity, his play at forward for four long, strenuous seasons was a constant topic for Little Nineteen gossip. And in his final year, in addition to captaining the squad, the duties of coach devolved upon his shoulders, when Bucky Dahman left in the middle of the season. This experience proved his ability along such lines—an experience which has reacted in his favor.

This is the first year that St. Patrick High School has ever undertaken an extensive program of sports endeavors in such fields formerly being limited to basketball and baseball. So, early in September when the call for football candidates was sounded, a rather motley crowd, big in numbers, hopeful in aspect, green in experience, and altogether raw, turned out. Starting with this "raw" material, taken in the term's most literal sense, Romary worked and sweated, coached and cussed into shape a mighty nice little team. Though in the light-weight division, for the first attempt ever made in this school toward the development of football there, Puff has done wonders, and if he gets the materials next year to

Following a touchdown in the first play of the game, Saint Viator playing the Western State Teachers College at Kalamazoo fought through the remaining periods of the game but were unable to shake off the Teachers defense long enough to tie the score.

Immediately following the kick off by Saint Viator, Miller, left half, took the ball on the first play and skirted around right end for fifty yards for a touch down. Widas' attempt at a field goal was successful and put the score at 7 to 0. Through the rest of the game the Corcoranmen assumed the offense. Through every quarter they hammered at the State Line but were unable to penetrate the defense. Viator's greatest bid for a score came in the last of the first quarter when "Snake" Carr returned a punt for a forty yard gain but Viator lost the ball on downs. For the second and third sessions of the game, the line did all of the work with State trying to tally up another score and the Viator wall determined to stop them. Never again after the score were the Teachers within scoring distance of the Irish goal. The Irish were able to advance the ball into the enemy territory but could not push through for that point. The best work in the line was done by Dexter at the center position. Playing all over the field he was able to stop a lot of the state prospects of scoring. The booting for the Saints was done by Westray, Murgatroyd and O'Connor who matched Miller yard for yard. Karr at quarter and Bernard at full were responsible for most of the ground gained by the Irish. Ed Hunt at the guard post was the acting captain for the game and along with Quinn and Kunzl stopped the Teachers when they needed it. The Viator hopes went to the sky on the last play of the game when Westray eluded his men and was off on what looked like a touchdown but was stopped on the ten yard line by the safety man as the whistle for the game blew.

Coach Corcoran will probably be bolstered up what he has already constructed, he should have as nice a little machine as any in this vicinity in its own weight class.

It is a little early to speculate as to what Romary will turn out in the way of a basketball outfit, but from the looks of his material and from our own knowledge of his abilities in this direction, his prospects are of the brightest, and St. Patrick's is looking forward to its most successful season in athletic pursuits.

FATHER CARDINAL CHOSEN TO BE CLASS MONITOR

President Hoover called the first meeting of the Senior class to be held at one o'clock in the afternoon of September thirtieth for the purpose of selecting a class monitor. Though the attendance was rather small there was a sufficient number present to hold the meeting. Since it was the first meeting of the seniors as a class, there were no minutes to be read, and Mr. Hoover proceeded with a discussion of the question of the moment. He explained the need of a monitor to assist the class in the fulfillment of the many duties attendant upon the process of being graduated.

A suggestion was made by Mr. Bushman that Fr. Cardinal be elected to the position, subject to his consent. A vote was taken, and, the suggestion being approved thereby, Mr. Wenthe and Mr. McGrath were appointed to wait upon Fr. Cardinal to inform him of his election.

The question of securing class rings was raised once more by Miss Gorman. For the purpose of further investigation and consideration by the members of the class, the final decision has been postponed. It is an old custom that the Seniors have class rings. However, the present class has not decided definitely whether they consider it advisable to continue the custom.

Another question of a somewhat less serious nature was discussed, that is, the opinion of some that the Seniors ought, by reason of their seniority itself, to carry canes. Opinion is decidedly rife upon this point. On one side there are ranged those, headed by the President himself, who are strongly in favor of the proposition, and on the other, there are many who consider the canes as pleasing, but somewhat handicapping to perfectly sound-limbed individuals. This point, too, remained undecided, and the meeting adjourned after the suggestion of a class party had been raised. This will probably be decided in the near future.

The latest dope we have concerning the boxing team is that "Powerhouse" Rutecki is going out for the team. He said that he feels sure of a place on the team. This should be encouraging to those Freshmen who are in doubt concerning their possibilities of making a place on the team.

an advocate of the sporting proverb, "the man that gets in the first punch wins" from now on and will train all of his efforts this week to putting the squad in shape to go up to Valpraiso and stop the Homecoming Festivities from being a success by winning their Homecoming Football Fray.

IRISH PUGILISTS TO DON MITTS AGAIN

Gibbons, Noonan, O'Connor, Riley and Harding Are Prospects

Those members of the team of last year and those new students who are addicted to the gentle pastime of fisticuffs, read with enthusiasm the Bulletin that was placed in the Gymnasium last week. The content of the letter was that, again this year there was to be held a Catholic Youth Boxing Tournament. To the old students there is no need of explanation but to the newcomers a word is necessary. Last year under the active supervision of the Right Reverend Bishop Bernard J. Sheil, the "C. Y. O." the youths organization of Chicago, fostered one main boxing tournament. To this tournament held in Chicago came the "Cream of the Crop" from all of the outlying districts of Chicago. The actual management of the affair this year is in the hands of Jack Elder, former Notre Dame Football and Track star, which at the present time has charge of the new Catholic Youth Headquarters in Chicago. Assisting him, he has the well known athletic Packey McFarland, in the role of Promotion Manager for the Tournament.

This year, as in the past, the sectional tournament for this district will be held at St. Viator College Gymnasium. The date of this preliminary meeting has been put at November 17, 1932. The winners of these bouts will then go to Joliet, where they will fight at the De LaSalle Gymnasium for the honor of representing their district at the final tournament in Chicago.

St. Viator has Wealth of Material With the exception of Frank Baldi and Clarence Larkin, the personnel of last years Fight Team remains intact.

FIGHTING IRISH PREPARE FOR VALPRAISO

Coach and Team Determined to Smash Valpo

During the past two weeks Coaches Corcoran and Anderson have been putting the Irishmen through some of their toughest paces in order to have them in tip-top shape for the Valpraiso game the coming Saturday to be played at the Indiana school. Not only on the winning of the game are the Corcoranmen depending but also upon the breaking up of the Homecoming Festivities of their opponents.

While Coach Corcoran has been pleased with the appearance of his team in their past two performances during the past week he has been trying to bolster up the aerial attack, which was the only flaw in a perfect Viator machine which worked before the Homecoming crowd two weeks ago. Valpraiso will be a better team than either De Paul or Wisconsin State Teachers if they are able to stop the driving line plunges of Bernard and Harding and the open field work of Karr, Westray and Kanner.

Injuries Still Dampen Viator Chances

With both Doc Meany and Pete Laffey on the bench for the past week it is not known whether or not, they will be able to play against the Hoosiers Saturday. In the absence of Doc Meany at the pivot position, all of the responsibility will rest on the shoulders of Dexter, veteran of last year's squad. The Viatorian line was strengthened considerably by the advent of two more men to the squad. Wren one of the toughest and certainly the biggest man on the squad has filled in at the tackle position while Paul Turner, a veteran of last year will probably change off at this spot while Ed Hunt will take care of the left guard position.

Gibbons, Horn and O'Connell will all probably get a chance at the end posts, while Kelly and Bomba will assist Wren to build up the Viatorian defense and offense at the tackles. The backfield will probably consist of Karr at Quarter, Fuchs and Harding at the halves and Bernard at fullback.

For the past week Coach Corcoran has been working on some new sneak plays on which he is placing much of the responsibility of his scoring hopes in the Indiana game. While he has kept Snake Karr at the quarterback post, he has been giving Abney every opportunity to break into the regular routine.

Reports emanating from the camp of the Hoosiers at Valpraiso show them to be one of the strongest teams that the Irish will have to meet this year. While a small student body, they have more than their share of gridiron heroes and this year will still have the sting of their last defeat at the hands of the Irish three years ago on our own campus, ranking in their breasts. This, in addition to the hopes of the Hoosiers of winning their own Homecoming Football Classis will put the Viatorians in a strong spot from which they will have to give all they have, to extricate themselves.

SPORTS · SHORTS

The annual Soph-Frosh football game was played last Sunday morning and it certainly was a great treat to see such stellar stars of other days as "Wild Cat" Degnan, "Speed" Fleming, "Tiger" Nolan, "Ghost" McNally and many other veterans out on the gridiron to do or die for the sophs. The Sophs were victorious by a score of 7 to 0. The Upper-classmen could have easily scored several times more but, as was the case in previous years they kept the score down to make the game interesting, and to make the affair less mortifying for the Freshies.

Joe Degnan certainly lived up to the name of "Wild Cat" when, early in the first quarter, he nonchalantly walked to the sidelines, discarded his helmet, and continued for the remainder of the game without any headgear whatsoever. This handicapped him to a great extent, for the Frosh guards were grabbing him by the ears and taking him out (completely out) of every play thereafter. A consensus of opinions of the fans attending the game proved Joe to be the greatest asset to the Freshman eleven.

The officials of the game, Harding, Hunt and Woulfe, were credited with being the squarest and most just officials ever to preside at a Soph-Frosh game. The Frosh were penalized only fifty yards throughout the entire game, and this is the first time in years that they have been penalized less than two hundred yards per game when engaged with the Upper-classmen. Let us say now to the Freshmen that the officials for the game were chosen from the ranks of the Upperclassmen, not merely to favor the Sophs, but because of their superiority in experience and knowledge of the game.

During the first half of the game the following conversation was heard among the back-field men:

Mahoney: "I'll carry the ball this time."

Phelan: "No. It's my turn to carry the ball."

Ryan: "You're too slow . . . I'll carry it."

Latislaw (Bomba to you): "Shut up you mugs. I'm captain, so I'll carry the ball."

This conversation among the same back-field men during the second half: Four back-field men (in harmony): "It's your turn to carry the ball."

And says Joe Garman, the dopest "I'll bet two-bits Notre Dame beats Drake."

Debate Subject To Be Bank Regulation

(Continued from Page One)

known that there will be several debates with schools outside the Illinois Conference. At the present time plans are being made to hold at least two pre-season radio debates through the facilities of Station WCFL in Chicago. Neither the subjects nor the opposing teams have yet been selected for this venture.

Very Rev. J. W. R. Maguire, C. S. V., President of the College, himself a renowned pulpit and radio orator, has already begun weekly classes in preparation for the coming season. Another faculty member, as yet unannounced, is to assist Father Maguire in putting another formidable debate squad in the field.

Burke Monahan and Thomas Ferris are the only members lost to the squad via the graduation route. Besides some very promising frosh and upperclassmen prospects, Father Maguire can call upon such veterans as Ralph Hoover, Robert Nolan, Kenneth Bushmen, Paul LaRocque, Gill Middleton, and John O'Brien. The last mentioned debater was the outstanding rookie of last year's squad.

Irish Pugilists to Don Mitts Again

(Continued from Page Five)

In the 135 pound class the Irish will be represented by Clarence Noonan and Danny O'Connor, who are both veterans of many fights. Both showed up well in their bouts last year. O'Connor's only defeat last year was at the hands of his opponent in the preliminary of the "C. Y. O." tournament. In his fights against Armor and Valparaiso he won both fights by decisions.

Noonan, one of the most skillful and scientific boxers on last year's team will again appear on their years aggregation. In the two fights that Noonan fought last year, he built up a following that will see him through all of his encounters this year. If he is as fast this year as he showed himself to be last year, he will be one of the best bets of Coach Cocoran, who himself can wield a hefty mitt, as was shown by the record that he left behind him at Saint Louis University, while a student there.

After a year's lapse Wild Bill Gibbons has returned to St. Viator campus and it is probable that he will return to the ring again this year. The older students will remember with a smile, the times that Gibbons went into the ring with his opponent and showed the crowd the old game of "Stand up and Slug." Another fighter of the old school that showed up well last year was Red Harding, who came to St. Viator from Spalding in Peoria, with a reputation as a battler behind him and really lived up to his fame. With both of these fighters giving all that they have the ring fans will be sure of an enjoyable evening on November 17.

As the first practices have not yet started it is not possible to tell whether or not the Freshman class have fistic and gladiators in their midst. However, when the smell of the rosin begins to float around the gym, we can surely say that there will be a crew of Freshmen in there willing both to give and take it on the chin.

It is not likely that Ripper Riley will be able to put on the old gloves and get in there and mix them up this year, due to an injury suffered during a recent football game in which he broke four bones of his hand. It is sure that his loss will be felt by the team and any Freshmen that wish to try out for the team let them see Bill Riley, who is taking over the arrangements for the affair.

Mother's Club To Hold Party

The newly organized Mother's Club of St. Viator College, assisted by the Social Sorority of the College, is sponsoring a radio party to be given in the gymnasium on October thirty-first. The object of this affair which is the first to be undertaken by the new organization, is to raise funds for St. Viator. Admission charge is nominal, twenty-five cents. And for the particular interest of the resident students of Roy Hall the party is not to be a date affair. It finds a precedent in the debater's party given last year in the College refectory, a delightful event, and in the several card parties given by the Sorority. Very informal in nature, this type of entertainment proved very success-

ful last year, and bids fair to be popular again this season.

There is always something delightful about attending a party on All Hallows' Eve, then "Ghosties and gholies and things that go 'bump' in the night" are abroad, and all sorts of spirits that haunt the dreams of college men come to stalk the earth once more. The gaily-lighted gymnasium will offer complete protection against the onslaughts of the bogies that will be gathering in the darkness without. So you better come, every last one of you.

The ladies are expecting the support of every student, and are confident that the cooperation which is necessary to make the party a success will not be withheld by anyone.

It goes without saying that "perishables" have also been given lavishly, (the sweet tooth being well cared for—not by way of painful drill either). At frequent intervals these kind benefactors plan to come down to find still other ways of caring for St. Bernard Hall.

Father Munsch C. S. V., naturally is very well pleased and wishes to publically thank these good people, to assure them of the prayers of the Brothers and himself and to bid them all a hearty welcome at all times to Bourbonnais and St. Bernard Hall.
