

Provincial And Delegates On Way to Attend Chapter

Delegates From Various Chapters Will Name New Superior

Recently the Very Rev. J. P. O'Mahoney, C. S. V., Provincial of the Chicago Province of the Clerics of St. Viator, the Rev. Joseph F. Moisant, C. S. V., pastor of St. Joseph's Church of Springfield, Ill., the Rev. Daniel A. O'Connor, C. S. V., principal of Cathedral High School of Springfield, Ill., and the Rev. James A. Lowney, C. S. V., professor of philosophy here, left for the General meeting of the Clerics of St. Viator. The General

Chapter meeting will be held in Brussels, Belgium after Easter.

The three delegates who are traveling with the Very Rev. J. P. O'Mahoney, C. S. V., Pro-

Rev. J. O'Mahoney vincial, will sail from New York on the Il de France Saturday, March 13.

To Name Superior

The General Chapter, in addition to the discussion of the many legislative questions which will occupy the time of the various delegates, will also elect a new Superior General and Vicar of the Community to succeed the present Superior General, the Very Rev. F. M. Roberge, C. S. V., who has signified his desire to retire because of ill health. Before becoming Superior General and Vicar of the Community, Father Roberge was president of Joliet Seminary in Canada.

The delegates from the Chicago Chapter are expected to return to America immediately after the General Chapter has completed its business.

During Father O'Mahoney's absence from this country the Rev. J. W. R. Maguire, C. S. V., assistant provincial of the Chicago Province, will direct the activities of the Community and will be its titular head.

Fr. E. Hoffman Named C.R.T.S. Representative

The Rev. Eugene F. Hoffman, C. S. V., professor of chemistry, has recently been appointed as the St. Viator College representative to the local chapter of the Catholic Round Table of Science, according to an announcement made only yesterday by the Very Rev. E. V. Cardinal, C. S. V., Ph. D., president of the College.

The local chapter of the Round Table of Science is sponsored by Loyola University of Chicago. The Rev. Martin J. Phee, S. J., is the chairman of the organization committee which has been instrumental in the formation of the new mid-western chapter.

Father Hoffman's appointment has been greeted with great approval by both the faculty members and the student body. He is at present professor of chemistry here, moderator of the College Club and one of the three co-moderators of the newly formed Science Club.

O'Connor Heads Dramatic Guild

Little Theater Guild members chose Raymond O'Connor, '39, of Gary, Ind., as president and Eugene Larkin, '38, of Towana, Ill., as business manager at their second meeting last week. This action of the newly-organized drama group followed the recognition of a need for leadership to unify its growing ranks and to carry out its extensive program. Monthly programs and at least one major production are listed on the Guild calendar.

Three one-act plays of varying types have been selected for the players' first appearance, which will be in April, according to Brother Maurice Robinson, C. S. V., director. "After The Honeymoon", a humorous sketch, is billed as the opener. "The Jeweled Hand" is designed to satisfy mystery story addicts. "Curse You, Jack Dalton", a "melodrammer" of the bustling 90's, offers a half-hour of side-splitting mirth.

Commenting on the April program, Brother Robinson yesterday insisted, "As yet, we do not know whether the foul Egbert will triumph in his machinations against young Jack Dalton and the beautiful heroine, but we do hope that these plays will be well patronized by the student body."

Survey Reveals Why Frosh Came Here

A recent survey conducted in the Freshman class under the joint sponsorship of the VIATORIAN and the office of the Director of Admissions has brought to light the reasons behind Viator's steadily growing enrollment. While the survey cannot be interpreted as all-inclusive, it does offer a fair analysis of the factors which appeal to high school graduates.

That young men are vitally concerned with financial problems was emphasized by one-fourth of the Frosh, who declared that the low cost of board, room and tuition here played a large part in their choice of colleges. One fifth of the first year men acknowledged that they were influenced by alumni of the College in their selection. A slightly less percentage chose Viator after visiting on the campus and viewing at first hand the student life and physical surroundings.

Viator's athletic reputation and personal contact with Viator students were both found to be appealing factors to prospective freshmen. Receipt of the "VIATORIAN", opportunities for employment, debating and speech reputation all figured in drawing students to the school.

The International Relations Club of the St. Viator College will hold a meeting within the next few days, it was announced this morning by the club's officers and moderator.

Wranglers Win Seven While Losing Five In Tournament

Manchester College Is Host To Largest Tournament Ever Held In West

The Bergin Debaters' streak of wins met a reverse last week when four local men managed to chalk up only seven of their 12 debates in the Manchester tournament. While the Viator representatives were able to keep on the bright side of the 50 per cent margin, their five losses spoiled this year's chances for a clean slate.

The Rev. J. W. R. Maguire, C. S. V., one of the tournament judges, made the trip with two teams, Bro. Martin McLaughlin, '39, and Edward Buttgen, '37, on the affirmative; Bro. Donald Foley, '40, and Daniel Ward, '40, on the negative. The affirmative team ended in the tournament with a .500 standing. The more successful negative men maintained a .666 rating.

Enter Illinois Meet

The Viator men defeated Wayne College, Western State Teachers College of Michigan, Indiana State Teachers College of Terra Haute, Capital College, Illinois College, Wabash College, and Adrian College.

The local representatives lost to Illinois State Normal University, Manchester College, Lake Forest College, Eureka College, and Anderson College.

"Bark", the freshman newspaper of Manchester College, stated last week that 126 teams were engaged in the tournament, and 28 teams participated in an overflow tournament at Huntington College. No official winner of the meet was announced.

Viator will send four representatives to Peoria next Friday to participate in the Illinois Intercollegiate Debate League tournament.

Ingenuity Wins High Praise

Attaches of the Registrar's Office for whom the preparation of the semester Honor Rolls has long been a bugbear can now face the future with great peace of mind, thanks to the ingenuity of Brother Cyril Peckham, C. S. V., professor of mathematics here.

Brother Peckham's contribution is an elaborate chart which to the average layman looks like a combination of a slide rule and a logarithmic table. The utility of the chart lies in the fact that the honor point standing of any student carrying between twelve and eighteen hours can be determined at a glance. Thus the task which for years has worn down pencils and frayed tempers in the Registrar's Office has been reduced to a routine exercise.

DRAMA CONVENTION CALLED

A national conference of Catholic theatres will convene in Chicago at the Loyola Community Theatre, June 15-16. Emmett Lavery, of Hollywood, California, author of "The First Legion", and "Monignor's Hour", will be temporary chairman of the conference and a general invitation is being extended to all dramatic clubs to send delegates.

Cisca Players To Present "Storm Tossed" April 8-9

Director Named And Cast Selected By Fr. W. Cracknell, Moderator

O'Connell Is Frosh President

John O'Connell, De La Salle Institute, Chicago, was named President of the Freshman Class last week at an election which drew only 60 per cent of the Freshmen to the polls. Final count gave the successful candidate a plurality of only nine votes over Daniel Ward, his closest contender. John Morenc and Anthony Sacco ran close to Ward in third and fourth positions respectively.

Francis Nolan, St. Thomas High School, Rockford, lead the field for vice-president by 11 votes. Joseph Nealon, Mt. Carmel High School Chicago, defeated two opponents for the secretaryship of the class by the slim margin of four votes. Luke Gleason, Trinity High School, Bloomington, was named treasurer by a plurality of six votes.

All of the posts were closely contested, with no man receiving more than 45 per cent of the total number of votes. The election, according to freshmen moderators, Ray O'Connor and Patrick Zimmerman, was a quiet one, devoid of heated campaigning or intense factional bitterness.

Engineer Show Draws Large Attendance

On the night of February 23 Sigma Mu, engineering fraternity, permitted the student body to attend one of its monthly meetings. At this particular meeting the members of the fraternity entertained their guests, seventy-five in all, with seven reels of films.

Mr. M. Purdy, representative of Chevrolet Motor Company, lectured on safety devices and safe methods of driving while the film was run off.

Topics which were shown by Mr. Purdy included, Transmission of Power, a reel on the use of the gear shift in automobiles; Silence, a reel on the work that has been done to eliminate noise from cars; Safety, a reel on safe driving methods; and several short topics dealing with particular phases of research now being conducted by the Chevrolet Motor Company.

Although the films were produced and displayed by a representative of the Chevrolet Motor Company there was a minimum of verbal advertising and a maximum of interesting facts were divulged. Members of the Sigma Mu wish to take this opportunity of expressing the deep appreciation and thanks to the Chevrolet Motor Company.

REGISTRAR BROADCASTING

The Rev. William J. Cracknell, C. S. V., registrar of the college, will speak at 12:35 this afternoon over radio Station WGN on the Mid-Day Service Hour. Father Cracknell's sermon is to be on "The Joy Serving God."

The Cisca Players began rehearsals last Tuesday on "Storm Tossed", a powerful social order drama to be presented in Kankakee on April 8 and 9. After discarding the plans for a Lenten Passion Play, the Cisca members decided on the modern play as a fitting climax to their Catholic Action program.

The Rev. W. Cracknell, C. S. V., moderator, announces that the production is to be directed by Bro. Maurice Robinson, C. S. V., who is experienced in dramatics.

The plot of "Storm Tossed" centers around the conflict between capital and labor, with great emphasis on the programs of Catholicism and Communism for solving the problem. It is a challenge to all Catholics to propagate their doctrines of love and cooperation with a devotion as intense as that behind the Communists' willingness to spread their doctrines of hate and class warfare. It is a challenge, too, to the administrations and faculties of Catholic colleges.

Strong Plot

The play, a tragedy, reveals with startling vividness the animosity between workers and their employer. Cornelius Fey, a self-made man, played by Daniel Ward, '40, has no sympathy for his employees or their families, and mounts to a position of wealth and affluence by exacting long hours of work at low wages from the working men.

Fey's daughter Joan, an unselfish and understanding girl, played by Miss Mary Anthony, '37, attempts to reconcile her love for her father with sympathy for the down-trodden. Her death, at the end of the play, is not enough to convert the in-domitible and selfish Fey, who feels nothing but hatred for anyone opposed to his policies.

Unable to find employment after he leaves college, Larry McGinley, a young Catholic college graduate, played by Edward Buttgen, '37, seeks the reason behind the world's economic strife and turmoil. Although he has long hoped to marry Joan and knows her deep religious faith, he finally turns to Communism, believing that class conflict and not cooperation can solve the problem.

Phil Holley, a fervent Communist, played by Francis Nolan, '40, directs the activities of the workmen throughout the play. But he later acknowledges the Catholic Action program as the better of the two systems. His conversion, though in keeping with his character, is unexpected and a triumph for the Cause of Love.

The drama is filled with character portrayal, suspense, and fine theatrical effects. There are several powerful major roles in a dramatic personae of 45.

"Storm Tossed" should offer an interesting and challenging entertainment.

Rev. J. O'Mahoney vincial, will sail from New York on the Il de France Saturday, March 13.

Rev. W. Cracknell

WPA Play Bureau Seeks Best Of Catholic Drama

A list of recommended Catholic plays, to be selected on the basis of genuine Catholic content and dramatic merit, is in preparation by the WPA Federal Theatre Play Bureau in cooperation with numerous Catholic organizations throughout the country.

No such list of recommended Catholic plays as is being prepared, exists. George Terwilliger, supervisor in charge of the play-list activities of the Play Bureau, points out that of all the religious denominations, only the Catholic group have no centralized dramatic movement.

Though the Play Bureau's work in this field was begun but recently, there has been wide and enthusiastic response to the plan. Leading Catholic organizations, having long felt the lack of an organized Catholic Theatre Movement, have called a National Catholic Conference in June, 1937. It is now felt that the work of the Play Bureau in making available a thorough survey of all Catholic dramatic literature will be invaluable as preparation for this conference. Many organizations, institutions, and individuals are submitting to the Play Bureau scripts with which they are familiar and lists compiled on the basis of personal experience.

Seek The Best

The Play Bureau's task consists of assembling scripts which are recognized as definitely Catholic in content and selecting those which can be recommended unconditionally as good plays.

"That an abundance of excellent Catholic drama exists, can be seen readily by listing a few outstanding plays", says Mr. Terwilliger. "The recent presentation by the WPA Federal Theatre in New York City of T. S. Eliot's 'Murder in the Cathedral' was enthusiastically received by critics and audiences. Emmett Laver's 'The First Legion', produced in various cities by the WPA, has met with hearty approval.

"Other outstanding Catholic plays by modern dramatists are: 'L'Annoncèe Faite a Marie', by Paul Claudel, former French ambassador to the United States; Philip Barry's 'The Joyous Season'; Eugene O'Neill's 'Days Without End'; William Butler Yeats, 'The Hour Glass'; and G. K. Chesterton's 'Magic'."

Provincial Is Guest Speaker of K. of C.

The Very Rev. J. P. O'Mahoney, C. S. V., provincial, spoke on "Irreligion the Destroyer" last Thursday evening at the local Knights of Columbus auditorium.

The meeting was the second of a series of crusade meetings sponsored by the local Knights of Columbus Council in its efforts to combat Communism. The Rev. J. W. R. Maguire, C. S. V., assistant provincial, was the first speaker of the current crusade.

President Will Speak To Kankakee Teachers

"Education As A Means Of Promoting Peace" will be the topic of an address to be delivered by the Very Rev. E. V. Cardinal, C. S. V., Ph. D., president of the College, at the monthly meeting of the Kankakee City Teachers' Association. The meeting will be held this evening at the Longfellow School in West Kankakee, at eight o'clock.

Choralists View Show In Chicago

Several members of the Choral Club of the College accompanied the Rev. M. P. Loughran, C. S. V., director, to Chicago on Saturday, March 6 and witnessed "The Pirates of Penzance" as presented by the D'Oyly Clark Opera Company of London, England. The operetta was produced at the Erlanger Theatre.

The members of the Choral Club who made the journey to Chicago were the principals of the cast which will present the same operetta, "The Pirates of Penzance", in Joliet and Kankakee during the month of May.

Rehearsals for their own interpretation of the operetta are occupying most of the Choral Club's spare moments these days. The "leads", according to Father Loughran, are undergoing special instruction from a Kankakee teacher of dramatics.

Father Loughran stated further that the first joint rehearsal of the combined casts of St. Francis College Choral Club and the St. Viator Choral Club will take place in the near future at Joliet.

Mrs. Clara Roy of Bourbonnais Dies

Mrs. Clara Roy, 67, resident of Bourbonnais for the past 38 years, died Wednesday, February 17, at her home, 40 Convent Street, following an extended illness since an operation more than a year ago.

Funeral services were conducted at 9 o'clock Saturday morning from Maternity Church, Bourbonnais, with burial in the family lot in Maternity cemetery. The Rev. W. Suprenant, C. S. V., pastor of Maternity parish, was celebrant of the Requiem Mass. The Very Rev. Dr. E. V. Cardinal, C. S. V., was deacon and the Rev. E. F. Hoffman, C. S. V., was the sub-deacon. The Very Rev. J. P. O'Mahoney, C. S. V., provincial, the Rev. C. Marzano, C. S. V., and the Rev. J. D. LaPlante, C. S. V., represented the College.

Mrs. Roy is survived by her husband, John B. Roy, who has been supervisor of maintenance at the College for the past 40 years, and five brothers and one sister.

The Very Rev. J. P. O'Mahoney, C. S. V., provincial, has ordered that a novena of Masses be sung in the College Chapel for the repose of Mrs. Clara Roy's immortal soul.

Honor Society Meets On March 10th

The proposed constitution of the embryonic Honor Society of the College was ratified on February 23 by the candidates for the society and then forwarded to the College Council for its approval.

According to Dr. G. D. Kinzer, moderator of the Honor Society, the College Council looks with favor upon the proposed formation of the society but may have minor suggestions to make concerning the constitution submitted. The constructive criticism of the College Council will be submitted to the eligible students and will be voted upon by them at the next meeting of the embryonic society on March 10. The meeting is called for four o'clock in the afternoon.

Teaching as Means Of Livelihood In Illinois Growing

Champaign-Urbana, Ill. — Teaching as a means of making a livelihood has returned to predepression levels, Dr. Lewis W. Williams of the University of Illinois college of education said recently.

"The number of requests for teachers is larger than in 1930, and salaries offered are higher than for the past several years," Dr. Williams said in a report of the appointments committee which has just been completed.

He said, however, that teacher's pay is still considerably less than the salaries offered from 1927 to 1930.

Teachers of practically all subjects except history are in increased demand and a continued trend toward specialization in instruction is noticeable, Williams reported.

"Major demands are for teachers in the vocational fields, in home economics, agriculture, and commerce", he said. "Music, also is coming back with an increased demand, especially for men who can handle both instrumental and vocal music".

There was no excess of candidates seeking work in these fields, the report showed. It also revealed that teaching opportunities in the field of the sciences are better than a year ago, and that athletic coaches who can also teach mathematics or science are in demand.

Reports on employment are incomplete but the report shows that salaries ranged from \$3,800 to \$600, with the average for beginners at \$1,000.

Students Invent Self-Aid Methods

Seattle, Wash. — The University of Washington employment service has aided students in earning nearly \$93,000 in the past ten months, Norman Hillis, secretary, announced.

Jobs found by the department ranged from working for board and room to full time positions.

The service also sponsored a "want a ride" service, obtaining rides and passengers for out-of-town students with sharing the expenses for those driving to the campus daily. Of 12 students who attended a class in shoe salesmanship conducted by the department, 11 got jobs.

Engineering Fraternity Supplies Brain Teasers

Several members of Sigma Mu, engineering fraternity of the College, convened recently in room 106 of Roy Hall and when they emerged they had selected the following Brain Teasers as worthy successors of the first Brain Teaser offered to the student body two issues ago.

Brother Cyril Peckham, C. S. V., professor of mathematics, wishes to announce that all answers to these Brain Teasers must be submitted to him not later than March 15. The answers will be published in the next issue of the VIATORIAN.

Students who wish to submit Brain Teasers to this column are requested to see Brother Cyril Peckham within the near future.

"Wanna Buy A Duck?"

Brain Teaser No. 1.—A farmer had a flock of ducks. He sold a friend half of the flock and half a duck over; then he sold his neighbor a third of what remained and a third of a duck over. A fourth of what remained and a fourth of a duck over was sold to another neighbor. Then the farmer's brother bought a fifth of what remained and a fifth of a duck over.

After these sales had been made the farmer found he had just 23 ducks left. If no duck was divided in any way by the sales, how many ducks were in the original flock?

Installment Plan

Brain Teaser No. 2.—On a certain date last year a man contracted to purchase a farm for \$10,000. Not having any money at the time of the contract, he agreed to pay both principal and interest in five equal annual installments. If the rate of interest is 6%, what is the amount of each of these five installments?

Brain Teaser No. 3—This is an old catch problem that requires a quick answer. Try it on your friends. State the Teaser rapidly like this: "If a bottle and a cork cost \$1.10 and the bottle costs \$1.00 more than the cork, how much does each cost?" All answers to these Brain Teasers will be published in the next issue.

Economics Club Names Leaders

At a recent meeting of the newly formed Economics Club Harold Doyle, '37, was elected president; John Burke, '38, vice-president, and Miss Louise Legris, '39, was selected as secretary. Harold Doyle, a senior in the commerce department, is a resident student from Chicago, Illinois, while John Burke, an accounting major, hails from Springfield, Illinois. Miss L. Legris, an economics major, is a native of Bourbonnais, Illinois.

SIDELINE SLANTS—

With the advent of the first warm days of spring-like weather, we really see the first signs of baseball appearing on the campus. According to Lou Zarza, Brother Georgie Nelson and "Coach" Tom Gibbons, the Intra-mural Softball tournament will soon start.

Softball has become one of the most popular of the I-M sports. More students participate in this activity than in any other sponsored by the athletic department. It is believed by the I-M directors that the league will have to be split into two divisions this year to accommodate the increased number of students who have signified their desire to enter.

It is indeed a welcome sight to see Danny Blazeovich, the Fightin' Croation, back on the first string team again. His characteristic war-hoop, which caused Harry Bell of Illinois Wesleyan to ask Coach McNamara "Who the Apache was playing on the Irish team", has done more to instill the fighting spirit in the team than any other single factor.

It may have taken Jake Bower 47 cents to send a letter to West Lafayette, Indiana, but he still claims

that his brother is the dullest member of the Bower family. According to Jake his brother, who was one of Notre Dame's track stars not so long ago, paid twenty dollars for a radiator ticket. We believe that Barnum was right when he said that "there was one born every minute".

Did You Know That— Don Betourne was the cause of Kankakee high school losing half of their games when he played with them his last season of high school competition? Betourne it was discovered had spent one semester at the old St. Viator Academy and thus was a nine semester student and consequently ineligible. The lack of fore-

sight on the part of the athletic heads at Kankakee thus caused them a great deal of trouble . . . Bill Walsh is known as "Cheese" back in Rantoul . . . the Rev. Jas. A. Lowney, C. S. V., golf coach, has left for Europe and that another golf coach will have to be secured . . . Hart, Regan and Dilger will form the nucleus of the golf team this year . . . Anthony Tortorello placed second in the interscholastic pole vault at Notre Dame last year . . . Ed O'Connor placed second in the mile event of the Notre Dame national interscholastic meet . . . and "Tweet" Hogan will wave the baton at the annual Monogram Dance this year . . . The dance will be held at the Bal-Tabarin Ballroom of the Sherman Hotel in Chicago on April 17.

St. Viator College of Bourbonnais probably has the best basketball

team in conference history for such a low standing in the percentage column. When the Bourbonnais quintet lost the one point game to Southern Teachers of Carbondale Saturday night it made six games in which the total margin of points the winning opponents have shown is 16.

When a team has been dropping games that way one would expect the players and coach to become crabs or wild men but such is not the case at Viator this year. After Monahan fouled Broadway just as the gun was ready to bark and he stepped up to sink the free toss there wasn't a peep from Coach McNamara or any of his players.

When the officials went through the players dressing room to the showers they were not calling attention to some foul that might have been missed but on the con-

trary it was "Nice game" or "Yop worked a good game" or "Well that was a tough one to handle".

Many times in the past we have heard some I. I. A. C. coaches say "I don't want to play up at St. Viator". Well Bait has visited them all over a period of 19 or 20 years and I don't know of a school that treats visiting coaches, players or officials with any more respect than they do at St. Viator.

The olive wreath for outstanding performances among the athletes should certainly be given to Tommie Gibbons, not only for his excellent performance with the football squad but also for his coaching ability. His squad, the Viator Reserves ("B" team to you-all) has won 6 games while dropping but one. The "B's" have but two games remaining and are expected to take both of them with ease.

Helen Jepson tells why she chooses Luckies for her voice

LOVELY PRIMA DONNA OF METROPOLITAN OPERA SAYS:

"A season of opera and concert means my voice and throat must be consistently in perfect condition. Therefore, although most of my smoking is done while I am on vacation, it is all important to me that I be careful in choosing my cigarette. I smoke Luckies because I enjoy their taste and because I feel it is wiser for me to choose a light smoke for my voice."

Helen Jepson

THE FINEST TOBACCO—
"THE CREAM OF THE CROP"

An independent survey was made recently among professional men and women—lawyers, doctors, lecturers, scientists, etc. Of those who said they smoke cigarettes, more than 87% stated they personally prefer a light smoke.

Miss Jepson verifies the wisdom of this preference, and so do other leading artists of the radio, stage, screen and opera. Their voices are their fortunes. That's why so many of them smoke Luckies. You, too, can have the throat protection of Luckies—a light smoke, free of certain harsh irritants removed by the exclusive process "It's Toasted". Luckies are gentle on the throat.

ABOLISH THE THESIS

This is the time of the year when each and every Senior must write a thesis or, should we say, a glorified term paper! The prospective graduate spends long and arduous hours attempting to do something at which he is wholly inept. It is certain that he knows very little about the subject upon which he is writing. Furthermore, he is apt to have little ability as a writer—a fact which really is of little moment since no one will ever read what he writes anyway. While he is spending precious hours doing this nonsensical work, he neglects his other subjects which may be very important, since they are the most advanced he will take in college. However, this does not make any difference, for he is writing a thesis.

We should hate to admit that St. Viator is an anachronism in the modern academic world, but why cling to this requirement for the Bachelor degree, which is as obsolete as the fossilized geocentric theory? We do believe that something should be done to eliminate this archaism from our curriculum. It is as much out of place as the proverbial bull in the china shop.

—A.A.

VOCATIONAL TRAINING

It has long been the custom of small liberal arts colleges, such as St. Viator, to regard vocational training as a form of bourgeois materialism which has no legitimate place in higher education. From time to time courses of a vocational nature have wormed their way into the curriculum at St. Viator College because an age of specialists has demanded them. But they have always been regarded with frank distaste. They have been considered as concessions rather than improvements and have been treated accordingly.

This attitude, though perhaps justified to some extent, does not recognize the fact that vocational education has arrived and is here to stay. When the young high school graduate of today is choosing a college he looks for an institution which can qualify him for a position in his chosen field. In ninety-nine cases out of a hundred necessity forces the American college student to fit himself for the business of making a living.

We are well aware that it is a difficult problem to offer vocational or semi-vocational training in a small college. Courses must be added to the curriculum and instructors must be experts in the fields that they are to teach. It is difficult to determine where to begin and how far to go. We do not propose to suggest particular changes that should be made in the curriculum. That is the work of experts who have studied the problem. We do suggest, however, that the trend toward vocational education be recognized by those in charge and considered with an open mind.

—J. R.

The LIBRARY LOG

The Romance Language Department of the Library, under the direction of the Rev. Louis P. Senesac, C. S. V., will conduct a raffle on March 17 in the Seminar Room of the Library. The purpose of this raffle, which will be the conclusion of the current Library Drive, is to secure funds for the purchase of additional volumes dealing with the romance languages.

Father Senesac hopes that the following works will soon be placed on the shelves of the Library; the works of Victor Hugo, Lamartine, Vigny and Musset as well as representative novels from the following authors; Ro Henry; Paul Valery, Pierre Benoit, Francois Maurias, and Andre Mauris.

The students of the Romance Department are pleased with the work already accomplished and gratefully acknowledge the following patrons of the current Library Drive: the Very Rev. E. V. Cardinal, C. S. V., Ph. D., Miss Liza Petit, Sisters of Notre Dame Convent, Bourbonnais, Rev. Peter Dufault, Fred Marcotte, Louis Fraiser and Miss Florence Zimmerman.

The department also wishes to acknowledge the receipt of the following works which were donated by the Rev. Admer Savery: "Genie Du Christianisme", by Chateaubriand, and "Discourse Sur L'histoire Universelle".

Father Senesac wishes also to acknowledge the material aid given to his Library Drive by Mrs. A. Lamore, Mrs. J. C. McDermott, Mrs. F. Hogan and Mrs. C. J. Kennedy, who so graciously sponsored a card party on March 8. The party, held at the local Knights of Columbus hall in Kankakee, was successful in every respect and a goodly amount of money was realized for the Library Fund.

SIGMA MU NOTES

On February 27, eight new members were initiated into the fraternity. Seriousness was the keynote of the meeting as the pledges were solemnly sworn into the brotherhood by the moderator, Dr. G. D. Kinzer, head of the physics department here.

At a banquet which followed the initiation, Brother Cyril Peckham, C. S. V., acted as toastmaster. Speeches were made by John R. Burns, '39, vice-president; Albert Magdecki, '39, sergeant-at-arms, and Jas. Crowley, '39. At the expense (not financial) of the three speakers a good time was had by all.

In the near future Dr. G. D. Kinzer, moderator of the fraternity, will conduct a group of Sophomore engineering students on an inspection tour of local engineering plants and colleges. Dr. Kinzer hopes to thus show these students how the theory of engineering is actually applied.

Interesting discussions on engineering projects of the present day have been the high spots of the Sigma Mu's "bull-sessions". At the session held late in December Jim Crowley began the current series of "bull-topics" with a speech on the San Francisco-Oakland Bridge. Other "bull-sessions" which have

Briefs From Our Viator Club Chapters

Washington, D. C.—According to our correspondent, William J. McClelland, secretary of the Viator Club located in Washington, the Washington Chapter has been functioning successfully since its origin last fall. "Meetings have been held from time to time in the homes of the various members; this plan being adopted as the best means of bringing members and their families together, since the size of the club would not permit more elaborate entertainment. The watch-word of the organization has been informality; Viator Club meetings being among the few affairs in the Capitol where formal dress is definitely out of order. (N. B.—Capitol society from Government clerks up has a passion for running out to dinners, dances and ping-pong tournaments in evening clothes).

"At a recent meeting the membership was entertained at the home of Paul Clifford, '24. The members met Mrs. Clifford, a very charming hostess, and saw Paul's lovely children who, as should be the case in all good Christian homes, were tucked away for the night. As usual the early evening was spent in sparkling conversation, which covered a multitude of topics political, social and economic and was interspersed with many interesting anecdotes and other nostalgic references concerning the old school.

"The members want Viator alumni from other localities who visit Washington to make their presence known. While they cannot promise to obtain the keys of the City for out-of-town guests, since the City is reluctant to relinquish them, a sincere effort will be made to 'jimmy' a few windows".

Boy's Town, Nebr. — Culling Father Flanagan's Boy's Home Journal, the weekly paper published by the boys of Father Flanagan's Home, your correspondent came across the following review of a former VIATORIAN editor and famous athlete of the College, Ken Corcoran of the class of '34.

"As our athletic coach, being a trifle reticent regarding his own accomplishments, might not give you a picture of the work he does with our boys we are going to give you a short summary of his achievements since he left St. Viator College of Bourbonnais, where he was outstanding as a basketball player and football leader.

"Ken is very popular with the

boys and during basketball season, as well as baseball and football seasons, he is in the habit of turning out winning teams. He knows the games and how they should be played and if his methods can not teach the boys, then none can succeed. Proof of Coach Corcoran's ability is found in his records which show very few losses over a period of three years. We believe that he is the best coach of this vicinity and are for him 100 per cent".

Bourbonnais, Ill. — Charles Carney, '03, recently visited the campus. He is now living in Louisville, Kentucky, and is still connected with the theatrical business.

"Charlie" spent many hours in the company of Father Harbauer and had many interesting incidents of the flood to relate. He had to leave Louisville by plane and fly to Chicago in order to make his visit to the College. Charlie has returned to Louisville to help the thousands of its inhabitants in their efforts of rehabilitation.

Before leaving Charlie informed Father Harbauer that the following members of the class of 1903 had died and asked that the students and alumni remember them in their prayers: James Mulvin, Frank and John Donovan, Louis Petter and "Guy" Lockwood.

Kankakee, Ill.—"Puff" Romary, former varsity melon tosser and now head mentor at St. Patrick's High School here, turned out one of the best quints in the state this past season. His team reached the state semi-finals.

Brother A. Wilkins, who has been teaching in Canada for the past four years, is at present spending a well-earned vacation with his parents here.

St. Louis, Mo. — Brother Richard Crowley, C. S. V., is still in a very serious condition following his recent illness and operation. Brother Crowley is at present receiving an average of one blood transfusion a week.

Urbana-Champaign, Ill. — Emerson Dexter, '34, formerly star basketball and football player at St. Viator College, is now president of the Urbana-Champaign Viator Club. Bill Fleming, '34, is the secretary of the club. Monthly meetings are held in the International Relations Room of Newman Hall.

● INTERCOLLEGIATES ●

Statistics show us that Yale graduates have 1.3 children, while Vassar graduates have 1.7 children, which proves what we have contended all along—that women have more children than men.

According to Harvard's president, James B. Conant, in an address to

been held to date are: Boulder Dam and Its Construction, discussed by Edmund Branand; Uses of Polarized Light, by Donald Smith and Dr. Kinzer; The Value of Engineering Research explained by John E. Cahill and the Rev. E. F. Hoffman, C. S. V., chemistry teacher, spoke on the Problems Encountered in Sulphur Mining. Each "bull-session" is conducted by a member of the fraternity who acts as the chairman and an open forum discussion takes places after the "lecture".

the Association of American Universities, the student receives a wonderful smattering of everything, before emerging. Whereupon a Southern professor arose and shouted: "Why! Our football team was playing yours at Cambridge, and our cheering section was calling your boys 'damn Yankees', but they quit after the first half because they realized no Harvard man had enough history to know what they were talking about".

"Blue Monday" at Louisiana Tech is more than half blue—from the laundryman's point of view.

Of the 1100-odd men's shirts collected each Monday morning by the schools laundry's trucks, more than 575 are that color, ranging from baby blue to the mighty tones of midnight blue.

DeKalb

Viator Defeats Eastern Profs By 57-42 Count

The Irish cagers finally snapped out of their losing habit long enough on February 24 to down the weak Charleston Teachers' basketeers by a 57 to 42 count in the local armory before a comparatively small audience. At the half-way mark the Green Wave warriors held a meager 29 to 24 lead.

Outstanding play of the evening as far as scoring went to Captain Curry of Charleston and Frank Straub of the Irish. Curry cracked the nets for 18 points on 7 field goals and 4 charities while Straub rang up 17 points on 6 buckets and 5 free throws.

Danny Blazeovich, who has apparently nosed George Rogers out of a starting berth, turned in a sensational game and proved to be the sparkplug of the Viator machine. His continual drive and pep did much to snap the Irish out of their sluggish habits which many claim as the real reason for the many close decisions which have gone against the Green Wave this past season.

Red Birds Drop Titans From '38 Basketball Sked.

State Normal will not schedule Illinois Wesleyan in basketball in 1938, it was announced recently by President R. W. Fairchild of Normal. The move is said to be the result of the game played at McCormick gymnasium recently when the Titans of Wesleyan knocked off the Red Birds for the second time this year, 28-25.

President Fairchild pointed out that since there was considerable enmity and poor sportsmanship exhibited in this game it would be better to cancel all basketball relations than have this bad feeling carry over into the other sports.

State Normal's decision is viewed by many in the Little 19 conference with misgivings as it would seem to be the first of a series of breaks that will eventually disrupt the whole league.

Inspired Irish Swamp Optics Quintet, 53-24

Exhibiting an uncanny ability to make seemingly impossible shots and a finesse of play that has been lacking up-to-date, the Irish cagers rang up an easy victory over the Northern Illinois College of Optometry basketeers last Tuesday evening in the college gymnasium. The final score was 53 to 24.

Cocher McNamara, whose team has been having exceedingly bad luck all season, had an opportunity of using all the members of his first string squad. In all 15 men saw action against the "Doctors" from Chicago.

Straub Stars Again

In the early portion of the game it appeared that the Green Wave warriors were in for another nip and tuck ball game with the score continually changing hands. With five minutes of play gone the score stood at 7 all but a flurry of baskets by Straub, Monahan and Betourne soon gave the Irish a lead they never relinquished and which was never seriously threatened. At the intermission the Green Wave led, 25 to 18.

The second half saw the Irish holding the visitors to but one point, that a free throw, for 15 minutes of the period. In the last 5 minutes of play Coach McNamara sent in reserve after reserve and the Optometrists managed to score a basket and three more free throws to bring their final total to 24.

Outstanding for St. Viator was Frank Straub who continued his sensational scoring by garnering 8 buckets and a charity toss for high scoring honors of the fray. McElligott and Betourne also had a field day at the net, gathering 11 and 10 points respectively. Katich, Optometry guard, was high pointman for the Chicagoans, being the only "Doc" to make more than one field goal. He cracked the nets for two field goals and three free throws to be the leading scoring ace of the Optometry quint.

Sam McAllister Named To Univ. of Florida Staff

Sam McAllister, '26, former coach and star athlete here at St. Viator College and one of the most prominent of alumni, was recently named head basketball coach at the University of Florida. Sam will also serve as an assistant coach in football and baseball, having full charge of the Gator line in football and full charge of pitchers and catchers in baseball.

While at St. Viator McAllister captained the football team in 1925 and 1926, was named on several all-conference elevens, captained the baseball team in 1926 and was an outstanding basketball player. In football Sam held down either a tackle or guard berth with equal ability while he was a pitcher of no mean ability.

Immediately after graduating in 1926 McAllister was appointed head coach of football, basketball and baseball by the St. Viator Board of Athletic Control. He served in this capacity for two years and then left St. Viator to take up the athletic reigns at the University of Georgia until his recent appointment to the athletic staff of the University of Florida.

Coach McAllister, besides his many activities in the field of sports, has also been one of the most active of the alumni. It was mainly through his efforts that the Viator Club of Chicago came into existence and he was its first president. Sam was forced to resign this position when he moved to Georgia.

Stevens-Weaver To Wrestle In K. of C. Show

"Big Nose" Stevens, 205 pounder, and "Buck" Weaver, 200 pounder, both members of the new wrestling team here, will engage in their first public appearance this Thursday evening at the local Knights of Columbus athletic show. The two football stars will wrestle for two out of three falls.

It is believed that Coach Lou Zarza will also enter three of his boxing team on this week's card. The men, who are suggested as being certain of seeing action among the boxers, are Captain Don Morgan, J. Emmett Bach and Herbie Fields.

Interclass Swim Meet To Be Held March 15

An interclass swimming meet will be held in the College swimming pool on Monday evening, March 15, according to an announcement made recently by Lou Zarza, physical education director.

Winners of the various events of the interclass swimming meet will be trained and entered in the annual Little 19 Swimming Meet which is to be held at Monmouth College on Saturday afternoon and evening of March 20.

Men interested in entering the interclass swimming meet are requested to sign up with Jack Boyle, swimming team manager.

Valpo Bows To Fightin' Irish In Return Tilt

Flashing to brilliant heights of offense and defense the Green Wave cagers secured sweet revenge last Thursday evening as they downed the Fightin' Uhlans of Valparaiso University in the Kankakee Armory by a 43 to 37 count. The Irish at no time in the entire 40 minutes of furiously fought basketball relinquished a lead that "Red" McElligott handed them in the opening seconds of the game.

McElligott, sophomore flash, was the outstanding individual star of the contest securing 7 field goals and one free throw to cop scoring honors of the evening with a total of 15 points. Danny Blazeovich, finest dribbler in the entire league, gained second high scoring honors on the Irish squad when he garnered 4 buckets and a charity for 9 points. Willie Karr, Valpo's scoring ace, lived up to his reputation as a deadly shot and connected for 11 points on 4 field goals and a trio of free throws. Fierke, giant Uhlans center, and Fritz, Valpo guard, each collected a brace of field goals and a trio of free throws for second place scoring honors on the Valpo squad.

Irish Grab Lead

On the opening play of the game "Red" McElligott dribbled in for a close shot that sent the Irish into an early lead. A few seconds later "Red" had sunk another field goal and a free throw to place the Green Wave basketeers out in front by five points. After nine minutes of play had elapsed Valpo managed to break into the scoring column on a free throw, making the count 9-1 in favor of the Irish. Twelve minutes of play had elapsed before the Fightin' Uhlans counted their first field goal.

Long shots by McElligott, Monahan, Rogers and Blazeovich counted heavily in the first half of the game and contributed greatly to the Irish's ability to run up a big lead. At the intermission the green-clad cagers left the floor on the long end of a 28 to 13 count.

In the second half the Irish continued their scoring spree and easily downed Valpo. A flurry of baskets in the last few minutes of play by Karr, Ruehr, and Fritz brought the count to within respectable standing for the Uhlans, who earlier in the season administered the first defeat of the season to the Irish by a 32 to 29 score. Last Thursday's victory was the Irish's 16 in the 26 times the two cage-machines have tangled.

Reserves Win, 43-32

In the preliminary game the Irish Reserves racked up their seventh victory of the season when they downed the Valparaiso Reserves, 43 to 32. Malloy, freshman flash, led the scoring for the Irish "B" squad with 6 field goals and a charity. Luke Gleason, Trinity high freshman from Bloomington, thrilled the spectators time and time again with long shots that brought him second scoring honors of the evening with 10 points on 5 buckets. McGinnis, Valpo Reserve guard, led his team at the net with 4 field goals and two free throws.

(Continued on page six)

DeKalb Invades Irish Strong-Hold Tonight

DeKalb Profs will invade the Irish stronghold this evening in what the Green Wave cagers are predicting will be a vain attempt to better their conference standing. The tilt will be the last game of the season for both teams and promises to be full of thrills as both quintets are supposed to be about evenly matched. In the last game which was played at DeKalb, the Teachers managed to eke out a hard earned 32 to 30 decision over the Saints and the boys are out for revenge this evening.

Neither team will be able to better its conference standing to any great degree this evening and are both certain of winding up in about sixth place in the Little 19 race. The big thrill of the evening will be Frank Straub's effort to raise his standing among the league's leading scorers. It is mathematically impossible for Straub to raise himself to better than fourth place though.

DeKalb Tough

Coach "Chick" Evans is expected to start the same team against the Irish as he used so effectively last January 23. This starting quintet will be composed of Peterson and Young, forwards; Hellman, center; and Davis and Terhune at the guard positions. In the last game Davis and Terhune proved themselves marvelous long shot artists and managed to garner 6 and 7 points respectively. Hellman, the elongated center of the Teachers five, is expected to give Bud Monahan another great battle at the pivot post.

Peterson and Young, the DeKalb forwards, who were so effectively smothered by Straub and Rogers in the last tilt are expected to be stopped just as easily this time.

Irish Starters

Coach McNamara is expected to start Betourne and McElligott at forward berths, Monahan at center and Straub with Blazeovich at the guard posts. Straub, leading scorer of the Irish and undoubtedly one of the classiest players in the league is expected to continue his scoring spree.

Coach Tommie Gibbons' Reserves will windup their season this evening against the strong local Gallagher's Business College "B" team. Gibbons has stated that his starting lineup will be composed of Sacco and Eddie O'Connor at forwards; Sarich at center and Jenesky and Tortorello at guards. The Irish Reserves, who have been defeated but once this season, will be out to garner their seventh triumph. Their only loss was sustained at the hands of Catholic High School of Joliet. The score in that game was 27 to 25.

Notice!

According to an announcement made today by the Rev. F. J. Harbauer, C. S. V., director of athletics, the basketball team will play a post-season game on March 16 at the Kankakee Armory. Gallagher's Business College of Kankakee, one of the outstanding quintets of this area, will be the Green Wave opponent.

Valpo Bows—
